

RYNO[®]

Combo
Table

Pineapple

Combining extreme strength and durability with a welcoming aesthetic, the pioneering Ryno range was first introduced over a decade ago, starting with a revolutionary heavily weighted Ryno dining table.

The addition of the Ryno Combo table brings further flexibility to the range, which is available in three different top sizes (2 of which are wheelchair accessible), along with a wide range of versatile base colors.

Like all Ryno products, the Combo table base is made from waterproof, impact-resistant rotationally molded polyethylene,

molded from a single-piece which ensures there are no joints or seams that could otherwise become points of weakness.

Compared with a conventional table with four legs, the Combo table’s monobloc pedestal base design reduces the risk of damage and helps to protect users and staff from harm.

Table tops are available in a surface choice of Gray or Hickory, surrounded by a soft-touch polyurethane edge. Additional options include laminate tops with matching edges, or a stylish bevelled plywood edge.

RYNO® COMBO TABLE

**Ryno Combo table
with 37.8 x 37.8in top
1RYTP1**
31.5H | 37.8W | 37.8D (in)
